

VETERANS TRANSITION SUPPORT  
APPROVED PAGE REVIEW FOR MUHAMMAD

# VTS Donors & Community Partners Page Review

Approved implementation instructions for Muhammad  
Page: <https://seofixesvts.wpenginepowered.com/donors-sponsors-3/>

## 1. Page Name and Hero Section

**Page name:** Donors & Community Partners

**Main heading:** Invest in Veterans. Strengthen the Workforce.

**Introductory text:**

We are grateful to the businesses, organizations, and individuals whose support helps Veterans, Service Members, and Military Spouses access professional training, career resources, and industry-recognized credentials.

**Buttons:**

- MAKE A DONATION - opens the completed Zeffy donation form
- BECOME A COMMUNITY PARTNER - moves visitors to the partnership section on this page

**Remove from the hero:**

- Any claim that every dollar goes directly to certifications, training, or counseling
- Any claim that 100% of funds go directly to Veterans
- Unsupported or placeholder statistics

## 2. Approved Visual Direction

Use the third approved mockup as the visual direction: a gratitude-focused page with a featured spotlight, recent supporter stories, partnership levels, impact figures, and final calls to action.

- Do not make this page look like a second donation checkout page.
- Use the polished navy, white, and red visual style from the preferred mockup.
- Replace all fake organizations, invented amounts, placeholder stories, and incorrect contact details.

## 3. Recognition of Supporters

Recognize supporters in these final approved groups:

- **Companies & Community Partners**
- **Individual Supporters**
- **In-Kind Supporters** - donated goods, services, time, or event support

Publish only names, photos, and logos VTS has permission to use.

For individuals, allow recognition as:

- Full name
- First name and last initial
- Anonymous

Do not publish private donor information or contact information. Donation amounts may be displayed only when the donor has approved public recognition of the amount.

## 4. Featured Donor or Partner Spotlight

- Use one large featured spotlight near the top of the page.
- Include the organization or donor name.
- Use an approved logo or photo.
- Include a short explanation of how the support helped VTS.
- Show the donation amount only when the donor has approved public recognition of it.
- An optional button may link to a full partner story or the organization's official website.
- Do not use fake checks, placeholder organizations, or invented donation amounts.

## 5. Recent Donor and Partner Spotlights

- Use a clean grid of recent supporter stories beneath the featured spotlight.
- Each card may include the organization or donor name, approved photo or logo, short description, and date when relevant.
- Use READ FULL STORY only when a real full-story page exists.
- Do not create empty buttons or placeholder stories.
- On mobile, stack cards vertically and keep all text easy to read.

## 6. Logo and Layout Standards

- Use a clean logo grid with consistent spacing and sizing when logos are shown.
- Keep logos on a white or very light background.
- Do not stretch, crop, recolor, or distort partner logos.
- Link each organization logo to its official website when appropriate.
- Use text-only recognition when no logo is available.
- If the logo carousel uses recognition badges, show the level name only beneath the logo, such as Mission Partner, Workforce Impact Partner, Career Champion, Community Sponsor, or In-Kind Supporter.
- Do not show donor amounts on individual logo badges, and do not place badges over the logos.
- Label recognition groups clearly as Companies & Community Partners, Individual Supporters, and In-Kind Supporters.
- Make the grid stack neatly on mobile.

## 7. Donor & Partner Recognition Levels

We are grateful for every gift. Recognition is offered with donor permission.

| Recognition Level               | Amount          | Meaning                                                           |
|---------------------------------|-----------------|-------------------------------------------------------------------|
| <b>Mission Partner</b>          | \$25,000+       | Supports the full VTS mission at the highest level.               |
| <b>Workforce Impact Partner</b> | \$10,000+       | Supports training, certifications, and workforce outcomes.        |
| <b>Career Champion</b>          | \$5,000+        | Helps Veterans become career-ready.                               |
| <b>Community Sponsor</b>        | \$2,500+        | Supports outreach, events, workshops, and program needs.          |
| <b>In-Kind Supporter</b>        | Donated support | Donated goods, services, space, food, supplies, or event support. |

Plain-English distinction: Mission Partner supports the full organization at the highest level; Workforce Impact Partner supports training, certifications, and employment outcomes; Career Champion helps Veterans become career-ready; Community Sponsor supports outreach, events, workshops, and program needs; In-Kind Supporter recognizes donated goods, services, time, or event support.

Classroom speaking opportunities are subject to VTS approval and class scheduling. The focus must be career pathways, industry insight, hiring advice, encouragement, or mission-aligned support - not a sales presentation.

Public recognition is subject to VTS approval and the supporter's preferences.

Custom partnerships and anonymous gifts are welcome.

## 8. Impact Section

Use the same approved shared impact strip shown in the donor page mockup:

- 15,000+ - Served Since 2014
- 11,000+ - OSHA Cards
- 7,000+ - Lean Six Sigma Certifications
- 193K+ - Coursera Course Enrollments
- Use one restrained drop-in entrance when the impact strip first enters the screen.
- After the entrance, the impact figures remain static.
- Do not repeatedly bounce, rotate, count forever, or use unverified placeholder numbers.

## 9. Partnership Call to Action

**Primary partnership button:** START A PARTNERSHIP CONVERSATION

A partnership may support career training, certification access, classroom resources, mentoring, transition support, or a custom initiative aligned with the organization's community impact goals.

**Final buttons near the bottom:**

- BECOME A COMMUNITY PARTNER
- MAKE A DONATION - opens the completed Zeffy donation form

**Together, we strengthen career pathways for Veterans, Service Members, and Military Spouses.**

## 10. Header, Footer, and Design Requirements

- Use the same approved VTS header and footer as the rest of the redesigned website.
- Use the real VTS logo.
- Use VTS dark blue #254771 as the primary color.
- Use white and light-gray backgrounds.
- Use red only as a small accent.
- Follow the visual direction of the third approved mockup.
- Keep photos, logos, and text balanced and easy to scan.
- Make all buttons easy to use on desktop and mobile.
- Remove fake names, fake companies, placeholder stories, invented amounts, and staging content.

**Approved contact information:**

customerservice@veteranstransitionsupport.org  
760-798-0333

**FINAL APPROVAL:** This document contains only the Donors & Community Partners Page changes and requirements approved during review, updated with the final donor and partner recognition levels and logo carousel label rules.
