Confirmation message

Congratulations, and thank you for updating VTS! Your employment outcome has been received and will be reviewed before it appears on the VTS Job Success Board.

Separate optional next step

Would you also share your experience in a quick review? Button: LEAVE VTS A REVIEW. Link this button to the existing VTS review page. Do not collect a testimonial inside the employment form.

8. Page Design Direction

- Use deep VTS navy, VTS red, white, and very light cool gray.
- Remove cream/beige section backgrounds and yellow/gold field borders.
- Use red only for the primary button, required markers, and small accents.
- Reduce the hero height so the form starts sooner.
- Use four clean numbered form sections with labels above each field.
- Keep the corrected public-entry preview beside the form on desktop and below it on mobile.
- Make the form wider, reduce excessive vertical gaps, and keep it easy to complete on a phone.
- Use a deep navy footer rather than the lighter medium blue.
- Submit button text: SUBMIT MY EMPLOYMENT OUTCOME.
